The purpose of this Legislation is to increase the compensation limit for the services of ATC Associates, Inc., in support of the projected \$1,881,314 costs associated with the MHJIT project Structural Tests and Special Inspections for fiscal year 2010 as requested by the Department of Aviation, and authorize the Aviation General Manager, or his designee, to prepare and execute appropriate Task Order(s) under the Contract.

**2. Please provide background information regarding this legislation.**

The City has utilized qualified special inspection firms to provide structural tests, special inspections and material testing during construction of the various projects contained under the Capital Improvement Program for the City of Atlanta's Maynard Holbrook Jackson, Jr. International Terminal (MHJIT), connector and APM tunnels, parking structures, elevated roads and ancillary projects at the HJAIA. Georgia State Amendment to the International Building Code (2006 Edition) Section 1704.1 Special Inspections, require that construction projects in the State of Georgia be in compliance with specific special inspection standards.
